

CERAMIC STUDY GROUP Inc.

Glazing - Back to Basics

**Kay Alliband, Margaret Hall, Glenda Hoy,
Veronique Sellies**

We are aware that many members love clay and all its tactile pleasures, but when it comes to glazing they freak out, not wanting to destroy their creations. The only way to overcome this is to jump headlong into glazing with a basic understanding and confidence will follow. This is what the August meeting is all about. Not about glaze technology but practical techniques for you to take home and try. You will have the opportunity to ask questions and we will do our best to answer them.

Who are we? We are a small group of practicing potters from Macquarie Hills Potters and the Ceramic Study Group. We look forward to being challenged by you!

CSG Wednesday August 22nd 2018

Come and join us at our new premises at 16a Balcombe Heights Estate where Kay, Margaret, Glenda and Veronique will show and explain the following: What is glaze, why glaze, glaze temperature groups, buying a glaze, making a glaze, useful tools, application of waxes, how does glaze stick to a pot, applying glazes to forms, preparing a glazed pot for the kiln.

Where: Building 16A, Balcombe Heights Estate, 92 Seven Hills Road,
Baulkham Hills (see Map below for directions on how to get there)

When: Wednesday 22nd August 2018

Time: 8-10pm

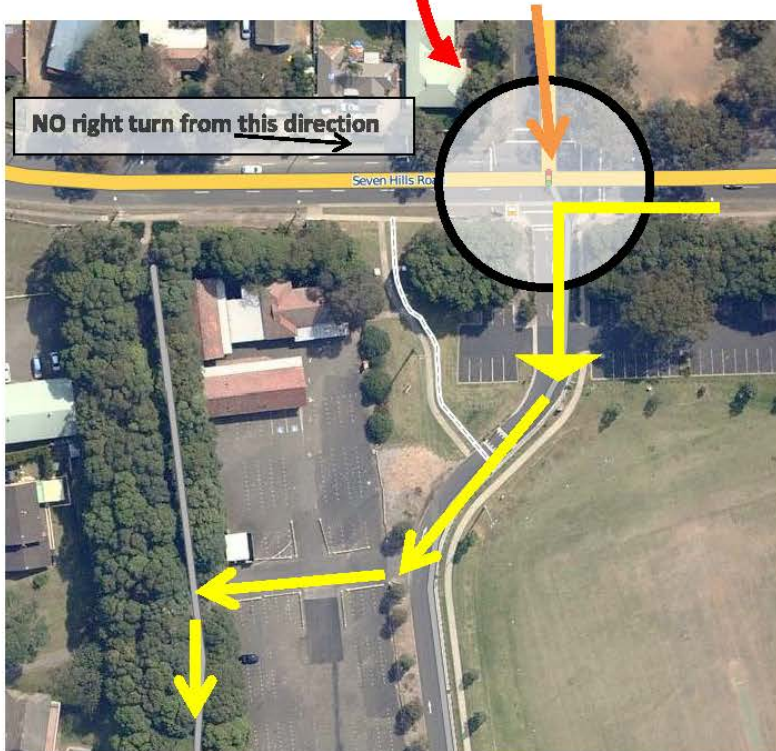

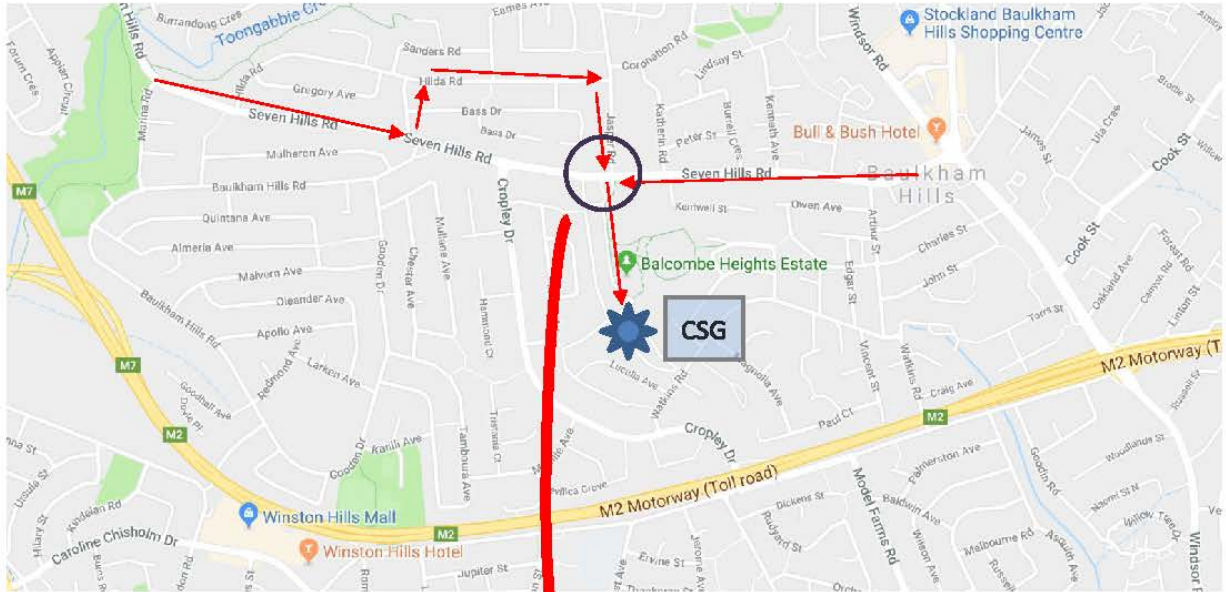

Cost: \$5 members / \$8 non-members
